**ESSA ACCOUNTABILITY DATA**

**ACCOUNTABILITY STATUSES**

**District in Good Standing:** Districts that do not have any schools identified for Comprehensive Support and Improvement (CSI) or Targeted Support and Improvement (TSI) and have not been identified for the low performance of an accountability group.

**Target District:** Districts that have at least one school identified for Comprehensive Support and Improvement or Targeted Support and Improvement or have been identified for the low performance of one or more accountability groups.

**Recognition School:** A school in Good Standing that has been recognized by the Commissioner for high performance.

**School in Good Standing:** Schools that are not identified as CSI or TSI schools.

**Comprehensive Support and Improvement (CSI) School:** Schools that meet one of the following three conditions and were not removed by the Commissioner from identification because of extenuating or extraordinary circumstances:

1) High schools that have graduation rates for the “All Students” group for the 4-year graduation-rate total cohort that are less than 67% and do not have graduation rates for the 5- or 6-year graduation-rate total cohorts that are at or above 67%.

2) Schools whose level of performance for the “All Students” group on an accountability indicator matches one of the scenarios in the tables below.

3) TSI schools that are still identified as TSI for an accountability group three years after the school was identified for additional Targeted Support and Improvement for that group.

4) Schools that are identified as CSI at one level (elementary/middle or secondary) and TSI at another level.

**Targeted Support and Improvement (TSI) School:** A school whose level of performance for two consecutive years matches one of the scenarios in the tables below for one or more accountability groups EXCEPT the All Students group and was not removed by the Commissioner from identification because of extenuating or extraordinary circumstances. A School that is currently a Priority or Focus School may be identified as TSI based on 2017-18 school year data only.

“None” means the school does not have enough ELLs (30) to make a determination.

**ELEMENTARY/MIDDLE-LEVEL ACCOUNTABILITY INDICATORS**

**Elementary/Middle-Level (EM) Composite Performance:** The performance of students in grades 3-8 in English language arts (ELA) and mathematics and in grades 4 and 8 in science in the current reporting year.

A Weighted Average Index (WAI) and a Core Subject Index (CORE) are calculated. Schools are sorted from lowest to highest based on these indices.

Schools are assigned a “Composite Performance Level” based on where they fall in the sort order using the table below.

The “Cohort” used to calculate the WAI is the greater of continuously enrolled tested students or 95% of continuously enrolled (tested + not tested, except for medically excused) students. The “Enrollment” used to calculate the CSI is continuously enrolled tested students. Continuously enrolled students are those who were enrolled on BEDS day (typically the first Wednesday in October) and any day during the test administration and make up period. The “Enrollment” is the number used as the denominator when calculating the “Index.”

The “Index” is calculated using the following formula: 100 * (((number of students scoring Level 2) + 2(number of students scoring Level 3) + 2.5(number of students scoring Level 4)) ÷ number of students in the Cohort). Schools are sorted based on their WAI and are assigned a WAI Level based on where they fall in the sort order using the table below. Schools are sorted based on their CORE Index and are assigned a CORE Level based on where they fall in the sort order using the table below.

The WAI and CORE Levels are then combined, and schools are sorted based on their combined level. If multiple schools have the same combined level, schools within that combined level are sorted using the higher of the WAI sort placement or the CORE Index sort placement. The resulting placement in the sort is the Final Sort Order. The overall Composite Performance Level is based on the Final Sort Order and the table below.

<table>
<thead>
<tr>
<th>Final Sort Order</th>
<th>Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>10% or Less</td>
<td>1</td>
</tr>
<tr>
<td>10.1 to 50%</td>
<td>2</td>
</tr>
<tr>
<td>50.1 to 75%</td>
<td>3</td>
</tr>
<tr>
<td>Greater than 75%</td>
<td>4</td>
</tr>
</tbody>
</table>

**Elementary/Middle-Level (EM) Growth:** Three years of student-level growth in ELA and mathematics combined.

Student Growth Percentiles (SGPs) are determined for each continuously enrolled student in ELA and in mathematics in grades 4-8. An SGP is computed only if the student has a valid test score in the current year and a valid test score in the prior year in the preceding grade for that subject. (For example, to compute an
SGP in mathematics for a student in fourth grade, the student must have a valid score in the current year on the Grade 4 mathematics assessment and a valid score in the prior year on the Grade 3 mathematics assessment. These SGPs are summed and reported as the “Sum of SGPs.” The Growth Level is based on the average of SGPs for which the school is accountable in the current school year and the prior two school years.

The number of students who had valid test results in ELA and mathematics for all three years is summed and reported as “# of SGPs.”

The sum of SGPs is divided by the # of SGPs, and that result is multiplied by 100 to determine the Growth “Index.”

A Growth “Level” is then determined using that Index and the table below.

<table>
<thead>
<tr>
<th>Index</th>
<th>Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>45% or less</td>
<td>1</td>
</tr>
<tr>
<td>45.1 to 50%</td>
<td>2</td>
</tr>
<tr>
<td>50.1 to 54%</td>
<td>3</td>
</tr>
<tr>
<td>Greater than 54%</td>
<td>4</td>
</tr>
</tbody>
</table>

**Elementary/Middle-Level (EM) Composite Performance & Growth Combined:** Combined Composite Performance and Growth.

Schools are sorted from lowest to highest based on their Growth Index. The Composite Performance sort order and the Growth sort order are combined to create the Composite Performance & Growth order. Schools are then sorted by the Composite Performance & Growth order and assigned a “Level” using the table below.

<table>
<thead>
<tr>
<th>Sort Order</th>
<th>Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>10% or less</td>
<td>1</td>
</tr>
<tr>
<td>10.1 to 50%</td>
<td>2</td>
</tr>
<tr>
<td>50.1 to 75%</td>
<td>3</td>
</tr>
<tr>
<td>Greater than 75%</td>
<td>4</td>
</tr>
</tbody>
</table>

If a school does not have a Composite Performance Level, the school must undergo a “self assessment” procedure to determine its accountability status. For more information, see [http://www.p12.nysed.gov/accountability/essa.html](http://www.p12.nysed.gov/accountability/essa.html). If a school has a Composite Performance Level but not a Growth Level, the Composite Level is assigned to the Composite Performance & Growth Combined Level.

**Elementary/Middle-Level English Language Proficiency (EM ELP):** The percentage of continuously enrolled English Language Learners (ELLs) in grades K-8 making a designated amount of progress toward English proficiency as measured by the New York State English as a Second Language Proficiency Test (NYSESLAT) compared to the percentage of students who would be expected to have made progress given a student’s initial score on the NYSESLAT and the number of the years the student has been identified as ELL.

The probabilities of continuously enrolled ELL students making progress on the NYSESLAT is summed and divided by the number of continuously enrolled students tested on the NYSESLAT. The result is multiplied by 100 to determine a “Benchmark” from which to determine progress.

The number of continuously enrolled students who made sufficient progress is divided by the number expected to make sufficient progress. The result is multiplied by 100 to determine a “Progress Rate.”

The Progress Rate is divided by the Benchmark to determine a “Success Ratio.”
An ELP "Level" is determined using the Success Ratio and the table below:

<table>
<thead>
<tr>
<th>Success Ratio</th>
<th>Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>0.49 or less</td>
<td>1</td>
</tr>
<tr>
<td>0.50 to 0.99</td>
<td>2</td>
</tr>
<tr>
<td>1.0 to 1.24</td>
<td>3</td>
</tr>
<tr>
<td>Greater than 1.24</td>
<td>4</td>
</tr>
</tbody>
</table>

**Elementary/Middle-Level (EM) Progress:** The performance of students on the grades 3-8 New York State Testing Program (NYSTP) assessments in ELA and mathematics as compared to an "End Goal," "Long-Term Goals," and "Measures of Interim Progress (MIPs)."

**Weighted Average Indices (WAIs)** (see Composite Performance above) are determined separately for grades 3-8 NYSTP ELA and grades 3-8 NYSTP mathematics. The ELA and mathematics WAIs are averaged to determine a Progress "Index."

The Progress Index calculated using data from the year prior to the reporting year is called the "Baseline."

The number of students used to determine the WAI is called the "Cohort."

The Progress Index calculated using data from the current reporting year is called the "Index."

The "End Goal" is 200, the Index that would indicate that on average all students are proficient. An Index of 200 could also occur if some students were advanced while others were less than proficient.

The "Long-Term Goal" is the amount of progress that is expected to be made, based on the state’s Baseline, over the next five years towards achieving the End Goal. The Long-Term Goal is determined by subtracting the state’s Baseline from the End Goal, multiplying the result by 0.20, and adding that result to the state’s Baseline.

To "Exceed Long-Term Goal" a school must have an Index that is greater than or equal to the "Exceed Long-Term Goal" number. This number is calculated by subtracting the Long-Term Goal from the End Goal, dividing the result by 2, and then adding that result to the Long-Term Goal.

To "Meet Long-Term Goal" a school must have an Index that is greater than or equal to the Long-Term Goal but less than the Exceed Long-Term Goal number.

To "Not Meet Long-Term Goal" a school must have an Index that is less than the Long-Term Goal.

Measures of Interim Progress (MIPs) are determined by subtracting the Baseline from the End Goal, multiplying the result by 0.20, dividing that result by 5, and then adding that result to the Baseline. A school’s or district’s "School/District MIP" is determined using the school’s or district’s Baseline. The "State MIP" is determined using the state’s Baseline. The "Higher" MIP is the greater of the State MIP and the School/District MIP. The "Lower" MIP is the smaller of the State MIP and the School/District MIP.

The Progress "Level" is determined separately for ELA and for math using the MIPs and Long-Term Goals and the table below. Then the Levels are averaged and rounded down to determine the overall Progress Level.
**Elementary/Middle-Level (EM) Chronic Absenteeism:** Percentage of grades 1-8 students enrolled for a minimum of ten instructional days and in attendance at least one of those days who were absent (excused or unexcused) for at least 10% of enrolled instructional days (chronic absenteeism rate). This rate is compared to an “End Goal,” “Long-Term Goals,” and “Measures of Interim Progress (MIPs).”

The previous year’s chronic absenteeism rate is called the “Baseline.”

The number students in grades 1-8 enrolled for a minimum of ten instructional days and in attendance at least one of those days in the current reporting year is called “Students Enrolled.” This is the denominator used to calculate the chronic absenteeism rate.

The number of students who were absent for at least 10% of enrolled instructional days is called “Students Chronically Absent.” This is the numerator used to calculate the chronic absenteeism rate.

The current year’s chronic absenteeism rate is called the “Chronic Absenteeism Rate.”

The “End Goal” is 5%, the chronic absenteeism rate schools should aim to be no higher than.

The “Long-Term Goal” is the amount of progress that is expected to be made, based on the state’s Baseline, over the next five years towards achieving the End Goal. The Long-Term Goal is determined by subtracting the state’s Baseline from the End Goal, multiplying the result by 0.20, and adding that result to the state’s Baseline.

To “Exceed Long-Term Goal” a school must have a Chronic Absenteeism Rate that is less than or equal to the “Exceed Long-Term Goal” number. This number is calculated by subtracting the Long-Term Goal from the End Goal, dividing the result by 2, and then add that result to the Long-Term Goal.

To “Meet Long-Term Goal” a school must have a Chronic Absenteeism Rate that is greater than or equal to the Exceed Long-Term Goal but less than or equal to the Long-Term Goal.

To “Not Meet Long-Term Goal” a school must have a Chronic Absenteeism Rate that is greater than the Long-Term Goal.

Measures of Interim Progress (MIPs) are determined by subtracting the Baseline from the End Goal, multiplying the result by 0.20, dividing that result by 5, and then adding that result to the Baseline. A school’s or district’s “School/District MIP” is determined using the school’s or district’s Baseline. The “State MIP” is determined using the state’s Baseline. The “Higher” (less rigorous) MIP is the greater of the State MIP and the School/District MIP. The “Lower” (more rigorous) MIP is the smaller of the State MIP and the School/District MIP.

The Chronic Absenteeism “Level” is determined using the MIPs and Long-Term Goals and the table below.

<table>
<thead>
<tr>
<th>Did not meet MIP</th>
<th>Not Meet Long-Term Goal</th>
<th>Meet Long-Term Goal</th>
<th>Exceed Long-Term Goal</th>
</tr>
</thead>
<tbody>
<tr>
<td>Level 1</td>
<td>N/A</td>
<td>N/A</td>
<td></td>
</tr>
<tr>
<td>Met higher MIP</td>
<td>Level 2</td>
<td>Level 3</td>
<td>Level 4</td>
</tr>
<tr>
<td>Met lower MIP</td>
<td>Level 3</td>
<td>Level 4</td>
<td>Level 4</td>
</tr>
</tbody>
</table>
SECONDARY-LEVEL ACCOUNTABILITY INDICATORS

**Secondary-Level (HS) Composite Performance:** The performance of students in the 4-year accountability cohort as of June 30th (“Cohort”) of the reporting year in ELA, mathematics, science, and social studies.

An “Index” for each subject is determined using the following formula: $100 \times \frac{((\text{number of students scoring Level 2}) + 2 \times (\text{number of students scoring Level 3}) + 2.5 \times (\text{number of students scoring Level 4}))}{\text{Cohort Members}}$.

A “Combined Index” is determined by multiplying the indices by the weight given to each subject: 3 for ELA and mathematics, 2 for science, and 1 for social studies. The results are summed and divided by the sum of the weightings used (e.g., if all subjects are reported, the sum of the weightings is 3+3+2+1 or 9).

Schools are sorted using their Combined Index, and a Composite Performance “Level” is determined using that sort order and the table below.

<table>
<thead>
<tr>
<th>Sort Order</th>
<th>Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>10% or Less</td>
<td>1</td>
</tr>
<tr>
<td>10.1 to 50%</td>
<td>2</td>
</tr>
<tr>
<td>50.1 to 75%</td>
<td>3</td>
</tr>
<tr>
<td>Greater than 75%</td>
<td>4</td>
</tr>
</tbody>
</table>

**Secondary-Level (HS) Graduation Rate:** Percentage of students in the 4-, 5-, and 6-year graduation-rate total cohort (“Cohort”) as of June 30th of the year preceding the reporting year who earned a Regents or local diploma as of August 31st of the year preceding reporting year (“4-Year,” “5-Year,” and “6-Year” “Grad Rate”). These rates are compared to “End Goals,” “Long-Term Goals,” and “Measures of Interim Progress (MIPs).”

The 4-, 5-, and 6-year graduation rates for the cohorts as of June 30th of two years prior to the current reporting year are the “Baseline” rates.

The number of students in the current reporting year’s 4-, 5-, and 6-year graduation rate cohorts are the “# in Cohort.”

The 4-, 5-, and 6-year graduation rates for the cohorts as of June 30th of one year prior to the current reporting year are the “Grad Rate.”

The “End Goal” for the 4-year cohort is 95%, the 5-year cohort is 96%, and the 6-year cohort is 97%.

The “Long-Term Goal” is the amount of progress that is expected to be made, based on the state’s Baseline, over the next five years towards achieving the End Goal. The Long-Term Goal is determined by subtracting the state’s Baseline from the End Goal, multiplying the result by 0.20, and adding that result to the state’s Baseline.

To “Exceed Long-Term Goal” a school must have a Grad Rate that is greater than or equal to the “Exceed Long-Term Goal” number. This number is calculated by subtracting the Long-Term Goal from the End Goal, dividing the result by 2, and then add that result to the Long-Term Goal.

To “Meet Long-Term Goal” a school must have a Grad Rate that is greater than or equal to the Long-Term Goal but less than the Exceed Long-Term Goal number.

To “Not Meet Long-Term Goal” a school must have a Grad Rate that is less than the Long-Term Goal.

Measures of Interim Progress (MIPs) are determined by subtracting the Baseline from the End Goal, multiplying the result by 0.20, dividing that result by 5, and then adding that result to the Baseline. A school’s or district’s “School/District MIP” is determined using the school’s or district’s Baseline. The “State MIP” is
determined using the state’s Baseline. The “Higher” MIP is the greater of the State MIP and the School/District MIP. The “Lower” MIP is the smaller of the State MIP and the School/District MIP.

Graduation Rate “Levels by Cohort” are determined separately by subgroup for the 4-year, the 5-year, and the 6-year graduation-rate total cohort using the MIPs and Long-Term Goals and the table below.

<table>
<thead>
<tr>
<th></th>
<th>Not Meet Long-Term Goal</th>
<th>Meet Long-Term Goal</th>
<th>Exceed Long-Term Goal</th>
</tr>
</thead>
<tbody>
<tr>
<td>Did not meet MIP</td>
<td>Level 1</td>
<td>N/A</td>
<td>N/A</td>
</tr>
<tr>
<td>Met lower MIP</td>
<td>Level 2</td>
<td>Level 3</td>
<td>Level 4</td>
</tr>
<tr>
<td>Met higher MIP</td>
<td>Level 3</td>
<td>Level 4</td>
<td>Level 4</td>
</tr>
</tbody>
</table>

Graduation Rate Levels for the 4-, 5-, and 6-year graduation-rate total cohorts by subgroup are averaged (“Average Grad Rate”) and rounded to the nearest whole tenth to determine a “Level by Subgroup.”

**Secondary-Level (HS) Composite Performance & Graduation Rate Combined:** Combined Composite Performance and Graduation Rate.

Schools are sorted from highest to lowest based on their unweighted “Average Grad Rate.” The Composite Performance sort order and the Graduation Rate sort order are combined to create the Composite Performance & Graduation Rate sort order. Schools are then sorted by the combined Composite Performance & Graduation Rate sort order and assigned a “Level” using that sort order and the table below.

<table>
<thead>
<tr>
<th>Sort Order</th>
<th>Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>10% or Less</td>
<td>1</td>
</tr>
<tr>
<td>10.1 to 50%</td>
<td>2</td>
</tr>
<tr>
<td>50.1 to 75%</td>
<td>3</td>
</tr>
<tr>
<td>Greater than 75%</td>
<td>4</td>
</tr>
</tbody>
</table>

If a school does not have a Composite Performance Level, the school must undergo a “self-assessment” procedure to determine its accountability status. For more information, see [http://www.p12.nysed.gov/accountability/essa.html](http://www.p12.nysed.gov/accountability/essa.html). If a school has a Composite Performance Level but not a Graduation Rate Level, the Composite Level is assigned to the Composite Performance & Graduation Rate Combined Level.

**Secondary-Level (HS) English Language Proficiency (ELP):** The percentage of continuously enrolled English Language Learners (ELLs) in grades 9-12 making a designated amount of progress toward English proficiency as measured by the New York State English as a Second Language Proficiency Test (NYSESLAT) compared to the percentage of students who would be expected to have made progress given a student’s initial score on the NYSESLAT and the number of the years the student has been identified as ELL.

The probabilities of continuously enrolled ELL students making progress on the NYSESLAT is summed and divided by the number of continuously enrolled students tested on the NYSESLAT. The result is multiplied by 100 to determine a “Benchmark” from which to determine progress.

The number of continuously enrolled students who made sufficient progress is divided by the number expected to make sufficient progress. The result is multiplied by 100 to determine a “Progress Rate.”

The Progress Rate is divided by the Benchmark to determine a “Success Ratio.”
An ELP "Level" is determined using the Success Ratio and the table below:

<table>
<thead>
<tr>
<th>Success Ratio</th>
<th>Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>0.49 or less</td>
<td>1</td>
</tr>
<tr>
<td>0.50 to 0.99</td>
<td>2</td>
</tr>
<tr>
<td>1.0 to 1.24</td>
<td>3</td>
</tr>
<tr>
<td>Greater than 1.24</td>
<td>4</td>
</tr>
</tbody>
</table>

**Secondary-Level (HS) Progress:** The performance of students in the 4-year accountability cohort as of June 30th of the reporting year in ELA and mathematics compared to an “End Goal,” “Long-Term Goals,” and “Measures of Interim Progress (MIPs).”

The Composite Performance Index calculated using data from the year prior to the reporting year is called the "Baseline."

The 4-year accountability cohort as of June 30th of the reporting year is called the "Cohort."

The Composite Performance Index calculated using data from the current reporting year is called the "Index."

The “End Goal” is 215 for ELA and 200 for mathematics. These are the Indices that would indicate that on average all students are proficient and, for ELA, at least some students are advanced. An Index of 215 or 200 could also occur if some students were advanced while others were less than proficient.

The “Long-Term Goal” is the amount of progress that is expected to be made, based on the state’s Baseline, over the next five years towards achieving the End Goal. The Long-Term Goal is determined by subtracting the state’s Baseline from the End Goal, multiplying the result by 0.20, and adding that result to the state’s Baseline.

To "Exceed Long-Term Goal" a school must have an Index that is greater than or equal to the “Exceed Long-Term Goal” number. This number is calculated by subtracting the Long-Term Goal from the End Goal, dividing the result by 2, and then adding that result to the Long-Term Goal.

To “Meet Long-Term Goal” a school must have an Index that is greater than or equal to the Long-Term Goal but less than the Exceed Long-Term Goal number.

To “Not Meet Long-Term Goal” a school must have an Index that is less than the Long-Term Goal.

Measures of Interim Progress (MIPs) are determined by subtracting the Baseline from the End Goal, multiplying the result by 0.20, dividing that result by 5, and then adding that result to the Baseline. A school’s or district’s “School/District MIP” is determined using the school’s or district’s Baseline. The “State MIP” is determined using the state’s Baseline. The “Higher” MIP is the greater of the State MIP and the School/District MIP. The “Lower” MIP is the smaller of the State MIP and the School/District MIP.

The Progress “Level” is determined separately for ELA and for math using the MIPs and Long-Term Goals and the table below. Then the Levels are averaged and rounded down to determine the overall Progress Level.

<table>
<thead>
<tr>
<th>Did not meet MIP</th>
<th>Not Meet Long-Term Goal</th>
<th>Meet Long-Term Goal</th>
<th>Exceed Long-Term Goal</th>
</tr>
</thead>
<tbody>
<tr>
<td>Level 1</td>
<td>N/A</td>
<td>N/A</td>
<td></td>
</tr>
<tr>
<td>Met lower MIP</td>
<td>Level 2</td>
<td>Level 3</td>
<td>Level 4</td>
</tr>
<tr>
<td>Met higher MIP</td>
<td>Level 3</td>
<td>Level 4</td>
<td>Level 4</td>
</tr>
</tbody>
</table>
**Note:** For 2017-18 school year results in mathematics for Secondary-Level Progress, the Commissioner will assign Level 2 to an accountability group that has not met a MIP but has a Performance Index (rounded to the nearest whole number) that meets or exceeds the following:

<table>
<thead>
<tr>
<th>Accountability Group</th>
<th>Performance Index Threshold for Level 2 in Math</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
</tbody>
</table>

**Secondary-Level (HS) Chronic Absenteeism:** Percentage of grades 9-12 students enrolled for a minimum of ten instructional days and in attendance at least one of those days who were absent (excused or unexcused) for at least 10% of enrolled instructional days (chronic absenteeism rate). This rate is compared to an “**End Goal,**” “**Long-Term Goals,**” and “**Measures of Interim Progress (MIPs).**”

The previous year’s chronic absenteeism rate is called the “**Baseline.**”

The number students in grades 9-12 enrolled for a minimum of ten instructional days and in attendance at least one of those days in the current reporting year is called “**Students Enrolled.**” This is the denominator used to calculate the chronic absenteeism rate.

The number of students who were absent for at least 10% of enrolled instructional days is called “**Students Chronically Absent.**” This is the numerator used to calculate the chronic absenteeism rate.

The current year’s chronic absenteeism rate is called the “**Chronic Absenteeism Rate.**”

The “**End Goal**” is 5%, the chronic absenteeism rate schools should aim to be no higher than.

The “**Long-Term Goal**” is the amount of progress that is expected to be made, based on the state’s Baseline, over the next five years towards achieving the End Goal. The Long-Term Goal is determined by subtracting the state’s Baseline from the End Goal, multiplying the result by 0.20, and adding that result to the state’s Baseline.

To “**Exceed Long-Term Goal**” a school must have a Chronic Absenteeism Rate that is less than or equal to the “Exceed Long-Term Goal” number. This number is calculated by subtracting the Long-Term Goal from the End Goal, dividing the result by 2, and then add that result to the Long-Term Goal.

To “**Meet Long-Term Goal**” a school must have a Chronic Absenteeism Rate that is greater than or equal to the Exceed Long-Term Goal but less than or equal to the Long-Term Goal.

To “**Not Meet Long-Term Goal**” a school must have a Chronic Absenteeism Rate that is greater than the Long-Term Goal.

Measures of Interim Progress (MIPs) are determined by subtracting the Baseline from the End Goal, multiplying the result by 0.20, dividing that result by 5, and then adding that result to the Baseline. A school’s or district’s “**School/District MIP**” is determined using the school’s or district’s Baseline. The “**State MIP**” is determined using the state’s Baseline. The “Higher” MIP (less rigorous) is the greater of the State MIP and the
School/District MIP. The "Lower" MIP (more rigorous) is the smaller of the State MIP and the School/District MIP.

The Chronic Absenteeism "Level" is determined using the MIPs and Long-Term Goals and the table below.

<table>
<thead>
<tr>
<th></th>
<th>Not Meet Long-Term Goal</th>
<th>Meet Long-Term Goal</th>
<th>Exceed Long-Term Goal</th>

**Secondary-Level (HS) College, Career, and Civic Readiness (CCCR):** Rate of preparedness of 1) students in the 4-year graduation-rate total cohort as of June 30th of the reporting year who demonstrated certain achievements in preparation for college, a career, and civic engagement; 2) ELL students not in the cohort but who earned a Regents diploma with a Seal of biliteracy; and 3) students who in the current year earned a High School Equivalency (HSE) diploma.

The denominator used to calculate the CCCR Index is includes students in the 4-year graduation-rate total cohort as of June 30th of the reporting year (Cohort Count) and ELL students not in the cohort but who earned a Regents diploma with a Seal of Biliteracy as of June 30th of the reporting year (Annual Biliteracy).

Students are included in the numerator and multiplied by a weight (0.5 to 2.0), depending on the type of achievement earned.

Students in the cohort who earned a Regents diploma with Advanced Designation, Seal of Biliteracy, 3 or greater on an AP exam or 4 or greater on an IB exam, or high school credit for a dual enrollment course; students who earned a Regents or local diploma with CTE endorsement or passed a nationally certified CTE exam; students with disabilities who earned a Skills & Achievement Credential and average of Level 4 on the New York State Alternate Assessments (NYSAA); and students not in the cohort but who in the current reporting were ELL and earned a Regents diploma with a Seal of Biliteracy are included in the numerator and given "2.0 Weight" in the numerator (multiplied by 2.0).

Students in the cohort who earned a Regents diploma with a Career Development and Occupational Studies (CDOS) Credential or high school credit for an AP or IB course, and students with disabilities who earned a Skills & Achievement Credential and average of Level 3 on the NYSAA are included in the numerator and given "1.5 Weight" in the numerator (multiplied by 1.5).

Students in the cohort who earned a Regents or local diploma only and students with disabilities who earned a Skills & Achievement Credential and average of Level 2 on the NYSAA are included in the numerator and given "1.0 Weight" in the numerator (multiplied by 1.0).

Students in the cohort who earned a CDOS as a stand alone and students not in the cohort but who exited the high school in the prior two years and in the current reporting year earned a High School Equivalency (HSE) diploma are included in the numerator and given "0.5 Weight" in the numerator (multiplied by 0.5).

The CCCR Index is calculated by dividing the numerator by the denominator and multiplying the result by 100.

The CCCR Index calculated using data from the year prior to the reporting year is called the “Baseline.”

The CCCR Index calculated using data from the current reporting year is called the “Index.”

The “End Goal” is 175.
The “Long-Term Goal” is the amount of progress that is expected to be made, based on the state’s Baseline, over the next five years towards achieving the End Goal. The Long-Term Goal is determined by subtracting the state’s Baseline from the End Goal, multiplying the result by 0.20, and adding that result to the state’s Baseline.

To “Exceed Long-Term Goal” a school must have an Index that is greater than or equal to the “Exceed Long-Term Goal” number. This number is calculated by subtracting the Long-Term Goal from the End Goal, dividing the result by 2, and then add that result to the Long-Term Goal.

To “Meet Long-Term Goal” a school must have an Index that is greater than or equal to the Long-Term Goal but less than the Exceed Long-Term Goal number.

To “Not Meet Long-Term Goal” a school must have an Index that is less than the Long-Term Goal.

Measures of Interim Progress (MIPs) are determined by subtracting the Baseline from the End Goal, multiplying the result by 0.20, dividing that result by 5, and then adding that result to the Baseline. A school’s or district’s “School/District MIP” is determined using the school’s or district’s Baseline. The “State MIP” is determined using the state’s Baseline. The “Higher” MIP is the greater of the State MIP and the School/District MIP. The “Lower” MIP is the smaller of the State MIP and the School/District MIP.

The CCCR “Level” is determined using the MIPs and Long-Term Goals and the table below.

<table>
<thead>
<tr>
<th></th>
<th>Not Meet Long-Term Goal</th>
<th>Meet Long-Term Goal</th>
<th>Exceed Long-Term Goal</th>
</tr>
</thead>
<tbody>

**EM PARTICIPATION RATES**

Participation rates are calculated for students in grades 3-8 and ungraded age equivalent students in ELA and mathematics separately.

Students included in the denominator when participation rates are calculated (“Enrollment”) are students enrolled during the test administration and/or make up period for the test used (NYSTP, NYSESLAT, NYSAA, Regents mathematics).

Students must have a valid score on the NYSTP for the grade in which they are enrolled or a valid score on the NYSESLAT if they are ELL and have been in U.S. schools for less than 12 months or a valid score on the NYSAA or a valid score on a Regents mathematics exam taken in the 7th or 8th grade if taken in lieu of the NYSTP to be counted as tested in the numerator.

The “Participation Rate” is the numerator divided by the denominator and the result multiplied by 100. If the result rounded to the nearest whole number is greater than or equal to 95, a green ✓ is shown in the “Tested 95%” column. If the result rounded to the nearest whole number is less than 95, a red ✗ is shown in the “Tested 95%” column. If the group does not test 95% of students in the current year, current and previous year results are combined to determine the participation rate.

**Recently Arrived ELLs Taking NYSESLAT in Lieu of NYSTP ELA**

“# Taking NYSESLAT” is the number of students reported as English Language Learners and as having been in U.S. schools for less than 12 months (recently arrived). These students are counted as tested when participation rates for EM ELA are determined if the students have a valid score on the NYSESLAT and do NOT have a valid score on the NYSTP.
**HS PARTICIPATION RATES**

Participation rates are calculated for students in grade 12 in ELA and mathematics separately.

Students included in the denominator when participation rates are calculated for HS ELA and mathematics are students whose last enrollment record for the reporting year showed them as being grade 12 ("12th Grade Enrollment").

Students must have a valid score on a Regents ELA or mathematics exam, approved Regents alternative in English or mathematics, or NYSAA in ELA or mathematics to be counted as tested in the numerator.

The "Participation Rate" is the numerator divided by the denominator and the result multiplied by 100. If the result is greater than or equal to 95, a green ✓ is shown in the "Tested 95%" column. If the result is less than 95, a red × is shown in the "Tested 95%" column. If the group does not test 95% of students in the current year, current and previous year results are combined determine the participation rate.

**ACCOUNTABILITY SUBGROUPS**

**All Students:** All students, regardless of ethnicity, ELL status, disability status, or economic status.

**American Indian/Alaska Native:** Student reported as having origins in any of the original peoples of North and South America (including Central America) and who maintains cultural identification through tribal affiliation or community recognition.

**Asian or Native Hawaiian/Other Pacific Islander:** Student reported as having origins in any of the original peoples of the Far East, Southeast Asia, Hawaii, Guam, Samoa, or other Pacific Islands, or the Indian subcontinent, including Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

**Black or African American:** Student reported as having origins in any of the black racial groups of Africa.

**Hispanic or Latino:** Student reported as belonging to, identifying with, or regarded in the community as Hispanic or Latino, regardless of whether the student also considers themselves to belong to, identify with, or is regarded in the community as belonging to an American Indian/Alaska Native, Asian or Native Hawaiian/Other Pacific Islander, Black or African American, or White races.

**Multiracial:** Student reported as belonging to more than one racial/ethnic group.

**White:** Student reported as having origins in any of the original peoples of Europe, North Africa, or the Middle East.

**English Language Learner:** Student who, by reason of foreign birth or ancestry, speaks or understands a language other than English and speaks or understands little or no English, and requires support in order to become proficient in English and is identified pursuant to Section 154.3 of New York State’s Commissioner’s Regulations. Students who are not ELL in the current year but were ELL in one or more of the previous four years are called “former ELLs” and are included in the ELL accountability calculations.

**Students with Disabilities:** Student classified by the Committee on Special Education as having one or more disabilities. Students who are not students with disabilities in the current year but were students with disabilities in one or more of the previous two years are called “former students with disabilities” and are included in the Students with Disabilities accountability calculations.
Economically Disadvantaged: Student who participates in, or whose family participates in, economic assistance programs, such as the Free or Reduced-Price Lunch Programs; Social Security Insurance (SSI); Food Stamps; Foster Care; Refugee Assistance (cash or medical assistance); Earned Income Tax Credit (EITC); Home Energy Assistance Program (HEAP); Safety Net Assistance (SNA); Bureau of Indian Affairs (BIA); or Family Assistance: Temporary Assistance for Needy Families (TANF). If one student in a family is identified as low income, all students from that household (economic unit) may be identified as low income.

ACCOUNTABILITY SUPPRESSION RULES

Accountability Indicators: Accountability indicator levels are calculated for subgroups with 30 or more students. The only exceptions are:

1) A CORE will be calculated when a WAI level has been assigned to a subgroup, there are at least 15 students in the denominator for calculating the CORE, and the number of students in the CORE denominator is at least 50% of the number of students in the WAI denominator.

2) A graduation rate will be computed for a cohort subgroup when a Composite Performance Level has been assigned to the subgroup and there are at least 15 students in the graduation rate cohort.

Participation Rates: Participation rates are only calculated for subgroups with 40 or more students.

ANNUAL ESSA DATA

STAFF QUALIFICATIONS

Inexperienced Teachers: Teachers with fewer than 4 years of experience as a teacher. To be counted as a Teacher, the person must be reported in the Student Information Repository System as the teacher of at least one course.

Inexperienced Principals: Principals with fewer than 4 years of experience as a principal. To be counted as a Principal, the person must be reported in the Student Information Repository System as a Principal.

Teachers Teaching Out of their Subject/Field of Certification: Teachers teaching classes in subjects or fields for which they do not hold certifications. To be included in these calculations, the person must be reported in the NYSED Teacher Access and Authorization (TAA) application.

High-Poverty Schools: Schools in the 4th quartile based on their percentages of economically disadvantaged students.

Low-Poverty Schools: Schools in the 1st quartile based on their percentages of economically disadvantaged students.

ANNUAL ESSA DATA

GRADES 3-8 ENGLISH LANGUAGE ARTS (ELA)

Summary Table: Students not tested (Not Tested), tested (Tested), performing at each of the four performance levels (Level 1, Level 2, Level 3, Level 4), and scoring Proficient (Levels 3 & 4) on the New York State Testing Program (NYSTP) assessment in English Language Arts (ELA) by Grade and Grades 3-8 combined. School data are compared to data for the school’s district and statewide results in the bar chart. District data contain data for all schools in the district as well as out-of-district placement students who are the reporting responsibility of the district.

Subgroup Table: Data in the subgroup table are the same as those in the summary table but disaggregated by Subgroup. Mean Score for All Students is also shown.
GRADES 3-8 MATHEMATICS

Summary Table: Students not tested (Not Tested), tested (Tested), performing at each of the performance levels (Level 1, Level 2, Level 3, Level 4 & Above), and scoring Proficient (Levels 3 & Above) on the NYSTP assessment in mathematics and Regents examinations in mathematics taken in lieu of the NYSTP in mathematics in Grade 7 (Regents 7) and Grade 8 (Regents 8) by Grade and Grades 3-8 combined. NYSTP and Regents results taken by Grade 7 students are combined in the Combined 7 row. NYSTP and Regents results taken by Grade 8 students are combined in the Combined 8 row. School data are compared to data for the school’s district and statewide results in the bar chart. District data contain data for all schools in the district as well as out-of-district placement students who are the reporting responsibility of the district.

Subgroup Table: Data in the subgroup table are the same as those in the summary table but for the NYSTP mathematics assessment only and disaggregated by Subgroup. Mean Score for All Students is also shown.

GRADES 4 & 8 SCIENCE

Summary Table: Students not tested (Not Tested), tested (Tested), performing at each of the performance levels (Level 1, Level 2, Level 3, & Level 4), and scoring proficient (Levels 3 & 4) on the New York State Grades 4 and 8 Science Tests and Regents examinations in science taken in lieu of the NYS Grade 8 Science Test in Grade 8 (Regents 8) by Grade and Grades 4&8 combined. NYS Grade 8 Science Test and Regents science results taken by Grade 8 students are combined in the Combined 8 row. School data are compared to data for the school’s district and statewide results in the bar chart. District data contain data for all schools in the district as well as out-of-district placement students who are the reporting responsibility of the district.

Subgroup Table: Data in the subgroup table are the same as those in the summary table but for the NYS Grades 4 and 8 Science Tests only and disaggregated by Subgroup. Mean Score for All Students is also shown.

ANNUAL REGENTS EXAMS

Students in the current year, regardless of grade, tested (Tested) on Regents examinations, performing at each of the performance levels (Level 1, Level 2, Level 3, Level 4, & Level 5), and scoring Proficient (Level 3 & Above for ELA & mathematics, Levels 3 & 4) for Science & Social Studies) disaggregated by Subgroup. Regents English and mathematics assessments have five performance levels. Regents science and social studies assessments have four performance levels. School data are compared to data for the school’s district and statewide results in the bar chart. District data contain data for all schools in the district as well as out-of-district placement students who are the reporting responsibility of the district.

TOTAL COHORT REGENTS RESULTS

Students in the 4-year cohort as of June 30th of the current reporting year (Cohort) not tested (Not Tested) and tested (Tested) on Regents examinations, performing at each of the performance levels (Level 1, Level 2, Level 3, Level 4, & Level 4&Above), and scoring Proficient (Level 3 & Above for ELA & mathematics, Levels 3 & 4 for science & social studies) disaggregated by Subgroup. Regents English and mathematics assessments have five performance levels. Regents science and social studies assessments have four performance levels. School data are compared to data for the school’s district and statewide results in the bar chart. District data contain data for all schools in the district as well as out-of-district placement students who are the reporting responsibility of the district.
NEW YORK STATE ENGLISH AS A SECOND LANGUAGE ACHIEVEMENT TEST (NYSESLAT)

Number of students not tested (Not Tested) and tested (Tested), and percent performing at each of the five performance levels (Entering, Emerging, Transitioning, Expanding, & Commanding) on the New York State English as a Second Language Achievement Test (NYSESLAT) for English Language Learners (ELLs) by Grade.

NEW YORK STATE ALTERNATE ASSESSMENT (NYSAA)

Number of students not tested (Not Tested), tested (Tested), and performing at each of the four performance levels (Level 1, Level 2, Level 3, & Level 4) on the New York State Alternate Assessment (NYSAA) for students with cognitive disabilities by Grade/Subject.

ANNUAL SUBGROUPS

All Students: All students, regardless of ethnicity, ELL status, disability status, or economic status.

General Education: Students not identified as Students with Disabilities.

Students with Disabilities: Student classified by the Committee on Special Education as having one or more disabilities.

American Indian or Alaska Native: Student reported as having origins in any of the original peoples of North and South America (including Central America) and who maintains cultural identification through tribal affiliation or community recognition.

Asian or Native Hawaiian/Other Pacific Islander: Student reported as having origins in any of the original peoples of the Far East, Southeast Asia, Hawaii, Guam, Samoa, or other Pacific Islands, or the Indian subcontinent, including Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Black or African American: Student reported as having origins in any of the black racial groups of Africa.

Hispanic or Latino: Student reported as belonging to, identifying with, or regarded in the community as Hispanic or Latino, regardless of whether the student also considers themselves to belong to, identify with, or is regarded in the community as belonging to an American Indian/Alaska Native, Asian or Native Hawaiian/Other Pacific Islander, Black or African American, or White races.

White: Student reported as having origins in any of the original peoples of Europe, North Africa, or the Middle East.

Multiracial: Student reported as belonging to more than one racial/ethnic group.

Small Group Total: Results for the sum of the suppressed data for racial/ethnic fields for which data are suppressed, if applicable.

Female: Student reported to the Department as female, as identified by the student. In the case of very young transgender students not yet able to advocate for themselves, gender may be identified by the parent or guardian.

Male: Student reported to the Department as male, as identified by the student. In the case of very young transgender students not yet able to advocate for themselves, gender may be identified by the parent or guardian.
**English Language Learner:** Student who, by reason of foreign birth or ancestry, speaks or understands a language other than English and speaks or understands little or no English, and requires support in order to become proficient in English and is identified pursuant to Section 154.3 of New York State’s Commissioner’s Regulations.

**Non-English Learners:** Students not identified as English Language Learners.

**Economically Disadvantaged:** Student who participates in, or whose family participates in, economic assistance programs, such as the Free or Reduced-Price Lunch Programs; Social Security Insurance (SSI); Food Stamps; Foster Care; Refugee Assistance (cash or medical assistance); Earned Income Tax Credit (EITC); Home Energy Assistance Program (HEAP); Safety Net Assistance (SNA); Bureau of Indian Affairs (BIA); or Family Assistance: Temporary Assistance for Needy Families (TANF). If one student in a family is identified as low income, all students from that household (economic unit) may be identified as low income.

**Not Economically Disadvantaged:** Students not identified as Economically Disadvantaged.

**Migrant:** Student who is, or whose parent, guardian, or spouse is, a migratory agricultural worker, including a migratory dairy worker or a migratory fisher, and who, in the preceding 36 months, in order to obtain, or accompany such parent, guardian, or spouse, in order to obtain, temporary or seasonal employment in agricultural or fishing work has moved from one school district to another.

**Not Migrant:** Students not identified as Migrant.

**Homeless:** Student who lacks a fixed, regular, and adequate nighttime residence, including a student who is sharing the housing of other persons due to a loss of housing, economic hardship, or similar reason; living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations; abandoned in hospitals; or a migratory child, as defined in subsection 2 of section 1309 of the Elementary and Secondary Education Act of 1965, as amended, who qualifies as homeless under any of the above provisions; or has a primary nighttime location that is a supervised publicly or privately operated shelter designed to provide temporary living accommodations including, but not limited to, shelters operated or approved by the State or local department of social services, and residential programs for runaway and homeless youth established pursuant to article 19H of the executive law or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings, including a car, park, public space, abandoned building, substandard housing, bus, train stations, or similar setting. Homeless students do not include children in foster care placements or who are receiving educational services pursuant to subdivision four, five, six, six-a, or seven of Education Law section 3202 or pursuant to article 81, 85, 87, or 88 of Education Law.

**Not Homeless:** Students not identified as Homeless.

**In Foster Care:** Student who is in 24-hour substitute care for children placed away from their parents and for whom the agency under title IV-E of the Social Security Act has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, and pre-adoptive homes. A child is in foster care in accordance with this definition regardless of whether or not the foster care facility is licensed and payments are made by the State, tribal, or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of an adoption, or whether there is federal matching of any payments that are made.

**Not in Foster Care:** Students not identified as Foster.
**Parent in Armed Forces**: Student with one or more parent or guardian who is a member of the Armed Forces and on Active Duty. The Armed Forces are the Army, Navy, Air Force, Marine Corps, the Coast Guard, or full-time National Guard. Active duty means full-time duty in the active military service of the United States. Such term includes full-time training duty, annual training duty, and attendance, while in the active military service, at a school designated as a service school by law or by the Secretary of the military department concerned.

**Parent Not in Armed Forces**: Students not identified as Parent in Armed Forces.

**ANNUAL SUPPRESSION RULES**

To ensure student confidentiality, the Department does *not* publish results for subgroups with fewer than five students or data that would allow readers to easily determine the performance of a subgroup with fewer than five students. When fewer than five students in a subgroup (e.g., Hispanic) were tested, percentages of tested students scoring at various levels are suppressed for that group and the next smallest group. Suppressed data are indicated with a dash.
